Nouns – Proper and Common

• A proper noun is a noun that represents a unique entity (James Edwards, England, The University of North Carolina). Proper nouns are usually capitalized.
• A common noun is a noun that represents a class of things.

Example: Maria’s cat is named Boo Kitty.

In this example, “Maria” and “Boo Kitty” are proper nouns because they represent a unique entity. There is only one Maria, and only one Boo Kitty being referenced. Cat is a common noun because it represents a class of animal. There are thousands of cats in the world.
